Turing's Importance

Current Feature

Student Work Sheds Light on Our Theme

Students in L&S 10 were asked to respond creatively to *Turing's Cathedral*, and several submitted responses that the program organizers wish to share with a larger audience. Their reactions to the book are not only creative but also can give other readers a more in-depth understanding of aspects of Turing's Cathedral and the theme of The Dawn of the Computer Age.

The first of these is by Laura Harker, who created a website... [read more](#)
